## THE COVER FLOWER

## C. JAPONICA—'SWAN LAKE'—COURTESY MONROVIA NURSERY

'Swan Lake' is a C. Japonica Seedling discovered and developed by Monrovia Nursery. It was registered in 1971. The flower is a large, rose double, to loose peony form. The color is sparkling white. The plant has a vigorous upright growth and it blooms in mid-season. The camellia was given the Margarete Hertrich Award of the Southern California Camellia Society as the most outstanding C. Japonica seedling for the year 1975.
