## THE COVER FLOWER

### C. Japonica 'Guilio Nuccio'

'Guilio Nuccio' rates among the very best camellias that have originated in Southern California. In Frank Reed's analysis of winning camellias in meeting competition of the Southern California and Temple City Societies (see page 23) it stands at the top. It scored in these competitions as early as November and as late as April. It ranked third as "best flower" in Southern California shows. It is a must for all camellia collections.
