## THE COVER FLOWER

'K. O. Hester' is a chance seedling with *C. reticulata* 'Tali Queen' the seed parent. It is a large to very large rich pink semi-double. It was developed by and named by Nuccio's Nursery for K. O. Hester who donated the camellia plants for the Camellia Garden in Mikke Grove Park near Lodi, California. It has been propagated and released by Nuccio's Nursery.

### 1972 CROP — CAMELLIA SEEDS

#### JAPONICA SEEDS

Mixed seeds, including a small percentage of seeds from seedling trees in the Huntington Botanical Gardens

**\$3.75** per 100 (minimum order)

#### SASANQUA SEEDS

Sasanquas are excellent for grafting understock. They grow faster and have good roots. **\$1.50** per 100 (minimum order)

#### No *Reticulata* and Hybrid Seeds

**SOUTHERN CALIFORNIA CAMELLIA SOCIETY**

**8421 California Ave.**
