Thoughts From the Editor	2

THE COVER FLOWER

C. RETICULATA HYBRID 'DREAM CASTLE'

'Dream Castle' is one of Nuccio's 1972 introductions. It is a cross of reticulata 'Crimson Robe' and japonica 'Coronation'. The flower is deep pink with a good sheen and with attractive stamens, is large to very large. The plant is a good grower and develops into an attractive shrub.

1972 CROP — CAMELLIA SEEDS

JAPONICA SEEDS

Mixed seeds, including a small percentage of seeds from seedling trees in the Huntington Botanical Gardens

\$3.75 per 100 (minimum order)

SASANQUA SEEDS

Sasanquas are excellent for grafting understock. They grow faster and have good roots. **\$1.50** per 100 (minimum order)

No Reticulata and Hybrid Seeds
