## THE COVER FLOWER

The cover flower 'Wylmer Pool' is courtesy of American Camellia Society. 'Wylmer Pool' has various flower forms and is white to blush with pink petals to all pink — also variegated pink/white. Average size, ungibbed, is four and one-half to five inches with long lasting blooms, no two blooms alike; blooms mid-season. A 15-year-old japonica chance seedling originated by Mrs. Ferol Zerkowsky, Tammia Nursery, Slidell, Louisiana.
