## THE COVER FLOWER

C. JAPONICA—"SHOW TIME"

Courtesy, Nuccio's Nurseries, Altadena, California

'Show Time' is a chance C. Japonica seedling discovered in 1972 in the seedling field at Nuccio's Nurseries. The low number given to it-7213-indicates that this cultivar has a penchant for early blooming. The flower is a large to very large, light orchid pink. The form is irregular, semi-double. The plant grafts very well and also can be propagated from cuttings. It has a vigorous, upright growth. It was introduced in the Fall of 1978.

## CAMELLIA NOMENCLATURE 1978 EDITION

1 to 11 copies ...... \$4.00 per copy 12 and more copies ...... \$3.25 per copy
