THE COVER FLOWER

C. JAPONICA 'SILVER ANNIVERSARY'

Photo by Yvonne Cave, Courtesy New Zealand Camellia Society

'Silver Anniversary' is a *C. japonica* chance seedling developed by Nucio's Nurseries and introduced in 1960. The bloom is a white, large, semi-double with irregular petals intermixed with golden stamens. The plant has a vigorous, compact, up-right growth and it blooms early to mid-season. The color separation was obtained from Dave Henderson.
